

Your pension is a **BIG DEAL!**

See how it all adds up with My Pension

Your CAAT pension grows with every paycheque. My Pension, CAAT's online member portal, helps you plan your future with confidence. My Pension lets you see how the contributions you're making today (and the contributions your employer is making on your behalf) are working to provide peace of mind when you retire with a steady stream of income.

CAAT has already created your My Pension account. All you need to do is activate it. Do it today! My Pension makes it easy to:

- View your estimated pension at key retirement dates.
- Create a customized picture of your future by using the estimator to model different retirement scenarios.
- Set your communication preferences to receive digital copies of your Annual Statement and other correspondence.
- Update the beneficiaries, email address, mailing address and phone number CAAT has on file.
- Use the message centre to securely contact CAAT for any pension questions you have.
