

# Your first year of membership with CAAT

As a new member of the CAAT Pension Plan, you're helping protect your tomorrow, today.

Get familiar with CAAT and your pension by completing these actions within your first year of membership.

## Activate your My Pension account

My Pension is CAAT's online portal where you can access important details about your pension. To activate your account, you only need a few pieces of information to get started.

**Please note:** If your employer joined CAAT [through a merger](#), you may not have access to My Pension.

[Watch a quick video on how to get started](#)

## Register for a member education session

Take a deep dive in all things pension by joining a new member webinar. Delivered by pension experts, this webinar will give you the opportunity to ask questions while learning about pension fundamentals, plan features, and more.

[Register now](#)

## Determine purchase eligibility

If eligible, you can make a purchase and grow your CAAT pension if you were previously contributing to a registered pension plan, or if you worked for your current employer before you enrolled in the CAAT Pension Plan.

## Learn about your annual statement

As a CAAT Pension Plan member, you receive an annual statement with information about your pension. It summarizes how much pension you earned at the end of the previous year and shows up to three possible retirement dates.
