

Welcome

to your first year with CAAT

You've taken an important step toward securing your future. With CAAT, you're building a stable foundation for your future, starting today.

Activate your My Pension account

My Pension is your secure online portal for managing your pension. It gives you access to your annual statement, lets you update personal details, and helps you stay informed about your plan.

Note: If your employer joined CAAT through a merger, My Pension may not be available.

Register for a member education session

Your pension is one of the most valuable benefits you have - make sure you understand how it works. Join a live webinar designed for new members. You'll learn the basics of your CAAT pension, explore its unique features, and discover how it supports your long-term financial security. Plus, you'll have the chance to ask questions and get answers from our pension experts in real time.
